

Lensin Student Design Competition 2018

The competition invites students across disciplines to design a Sustainable Product-Service System concept (s.PSS), to address key environmental and social issues in the global and local context, within the theme of Distributed Economy (DE).

We welcome students to form design teams and to familiarise themselves with s.PSS and DE tools available on the Lensin platform (see www.lens-international.org), to tackle sustainability issues preferably in their own local context.

The competition is open for submissions between 1st January 2018 – 31st October, 2018. Best entries are awarded with a certificate, and are exhibited in the Lensin conference and in online Lens platforms and a catalogue.

For more details and instructions for participation, please visit: <http://www.lensconference3.org/index.php/student-award>

Lensin, the International Learning Network on Sustainability (2015–2018), is an EU-supported (ERASMUS+) project involving 36 universities from Europe, Asia, Africa, South America and Central America, aiming to improve the internationalisation, intercultural cross-fertilisation and accessibility of higher education on **Design for Sustainability (Dfs)**. The project focuses on **Sustainable Product-Service Systems and Distributed Economies** as promising models to promote sustainability.

Lensin project partners:

Lens Europe

Politecnico di Milano (POLIMI), Italy (project coordinator)
Aalto University (Aalto ARTS), Finland
Brunel University London (UBRUN), UK
Technische Universiteit Delft (TU Delft), Netherlands

Lens Brazil

Universidade Federal do Paraná (UFPR), Brazil
Universidade Federal de Pernambuco (UFPE), Brazil

Lens India

Srishti Institute of Art, Design and Technology, India
Indian Institute of Technology Guwahati (IIT Guwahati), India

Lens China

Tsinghua University, China
Hunan University (HNU), China

Lens Africa

Cape Peninsula University of Technology (CPUT), South Africa
Stellenbosch University (SUN), South Africa

Lens Mexico

Universidad Autónoma Metropolitana (UAM), Mexico
Universidad del Valle de México (UVM), Mexico
